Case No. CV 75-04111 DDP

**DECLARATION OF CORENE T.  
KENDRICK IN SUPPORT OF  
PLAINTIFFS' ADDITIONAL  
BRIEFING IN SUPPORT OF  
MOTION FOR AN ORDER TO  
SHOW CAUSE RE: CONTEMPT  
(Doc. 375)**

1 I, Corene T. Kendrick, hereby declare:

2 1. I am Deputy Director of the American Civil Liberties Union’s National  
3 Prison Project (NPP), and one of the counsel of record for the Plaintiff class in this  
4 matter. I am admitted to the State Bar of California, and to practice before this Court.  
5 I make this declaration in support of Plaintiffs’ Additional Briefing in Support of  
6 Motion for an Order to Show Cause re Contempt. The matters set forth herein are  
7 true and correct of my own personal knowledge, and, if called as a witness, I could  
8 and would testify competently thereto.

9 **Front Bench Violations**

10 2. Attached as **Exhibit A** is a table of people whom Defendants reported  
11 were held on the Front Bench for more than four hours from January 1 to June 1,  
12 2023. This table is submitted pursuant to Federal Rule of Evidence 1006, and was  
13 prepared in the following manner.

14 a. A NPP paralegal working under my supervision reviewed the Front  
15 Bench logs that Defendants provided to us for the dates January 1  
16 through June 1, 2023. June 1 was the last day for which we were  
17 provided the logs. An example of a Front Bench log was filed with the  
18 Court on February 27, 2023 as Exhibit F to the Declaration of Peter  
19 Eliasberg (Doc. 375-3 at 47).

20 b. The paralegal took the following information and entered it into an  
21 Excel spreadsheet: name, booking number, date/time placed on the  
22 Front Bench, date/time removed from the Front Bench, and the reason  
23 for placement (if given) on the Front Bench. The times used are 24-  
24 hour military time, as that is the time used by officers who create these  
25 logs. To the extent there was any discrepancy (for example, no start or  
26 removal time), the paralegal made a note of that in the “Notes” column.  
27 The columns listed as “Binder#,” “PDF pg#,” and “Bates” refer to the

pagination and Bates numbers used by Defendants in producing the logs.

c. The paralegal used Microsoft Excel’s automatic programming feature to calculate the time a person spent on the Front Bench using the start and end time information.

d. I spot-checked the accuracy of the paralegal’s work by comparing a sample of her entries against the source documents, and also reviewed all logs for which she had made notes of discrepancies. For persons for whom there was no end time, but the last entry on the Log was more than four hours after the person’s placement on the Front Bench (for example, a notation such as “seen by nurse”), I used for the end time that last documented time entry. As a result, those entries actually underestimate the true amount of time the person spent on the Front Bench.

e. I sorted the spreadsheet by greatest length of time on the Front Bench, and omitted the column of class members’ names. I then used Excel’s count feature to get a unique count of people who were on the Front Bench for more than four hours (the first column on the chart). There were 661 entries, although fifteen people had two separate log sheets.

f. Thus, there are 646 unique persons documented as being on the Front Bench for more than four hours from January 1 to June 1, 2023.

I declare under penalty of perjury under the laws of the United States that the foregoing is true and correct.

Executed on June 6, 2023, in San Francisco, California.
